3rd Ensor's Sofala Statesman

Novice Dog (4, 2abs)

1st Morgan's Makhulu Kimoni - Not a big dog, but masculine with a good head and expression. Very well constructed forehead and well angulated hindquarters. Economical, sound movement.

2nd Fraser Watson's Riggers Dream of Hiayajibwa - big masculine, upstanding dog with a nice dark eye. Fair shoulder, upper arm a bit steep, very good topline but needs more angulation behind, nevertheless a well balanced dog, who moved pretty well, but couldn't stride out like 1.

Post Graduate Dog (7, 1abs)

1st Hewson & Worthy's Rekaylahn Phoenix - Not a big dog but a balanced one with a very masculine head, good shoulder and upper arm, straight forelegs, correct topline, good width over hips, moved well with great reach and drive.

2nd Vincent's Umhlandla Injabulo for Jematti - Masculine dog with a good dark eye, well constructed forehead, good feet. Moved well, having a much better topline on the move than when standing.

3rd Hill's Hyndridge Ndulu Shaaboni

Mid Limit Dog (7, 2abs)

1st Kirby & Mansfield's Shingwidzi Tespha Riva - Not a huge dog, but a balanced and handsome one with a nice dark eye. Nice straight forelegs, prominent forechest, excellent frontal construction. Well matched hindquarters, moved well and soundly.

2nd Roberts' Isiqa Flint - A bigger dog than 1, with masculine features, though a bit wide over front and feet could be better. Good shoulder, upper arm and topline, strong behind, moved ok.

3rd Vincent's Umhlandla Injabulo for Jematti

Limit Dog (10, 1abs)

1st Webster's Ngoma Uzuri of Umbari JW - What a handsome dog; wonderful head and expression, lovely straight forelegs with correct pasterns. Well laid shoulder and good length of upper arm, superb topline and underline, pleasing croup, well ribbed back. Hindquarters well constructed and powerful with good width across hips.

Moved faultlessly **BD & BIS**

2nd Woodrow's Mirengo's Mukwela - Another very handsome dog, good straight forelegs, correct pasterns, nice angle between scapula and humerus, lovely topline, well ribbed, well angulated hindquarters and moved with real drive, but I preferred the type of 1.

Very good lay of shoulder, nice length upper arm, good topline, croup and underline. Well muscled, good bend of stifle. Moved a bit erratically at first but settled ok.

3rd Fletcher's Ousebay Trojan Warrior for Kantaris

Special Beginners Dog (3,2abs)

1st Baillie's Isiq'a's Flynn - Strong head on well constructed forehand, correct topline and underline. He needs a bit more angulation of hindquarters to balance him up, but he moved pretty well.

Veteran Dog (3,1abs)

1st Henshall's Sansilver Khwebha - What a very handsome dog. I liked his expression with that lovely dark eye. Nicely arched neck into well laid shoulders, super topline, well ribbed, lovely croup, well muscled and angulated hindquarters, typical in profile, moved like a three year old **BV & RBD**.

2nd Jeffrey's Umzumbe Jules - Masculine dog, yet with a soft expression. Well constructed in front, good topline, but underline a little slack now. Well muscled with strong hindquarters, moved soundly.

Special Veteran Dog or Bitch (2,1abs)

1st Fletcher's Ousebay Star Wakim - Very fit and masculine dog of 10 years. Handsome with a good dark eye, good straight forelegs, well laid shoulder, super topline. Well muscled and angulated hindquarters which showed in his movement, which was true both coming and going, and his profile movement was truly amazing.

Minor Puppy bitch (3,1abs)

1st Rowe & Williams' Janak Jose - Feminine expression, well made forehand, strong hindquarters for her age, moved well, but still a bit rumpy when standing.

1st Smith's Lilongwe Lilly Mae - What a super bitch, mature beyond her years. Very feminine head and expression, good lay of shoulder making for a nice angle with the upper arm. Arched neck into correct topline. Lovely croup, well angulated hindquarters, strong in movement, typical in profile, a truly lovely bitch. She won a very strong class indeed, but that was because she had that extra special sparkle which is very hard to find **RBB**

2nd Woodrow's Mirengo's Mutanda - Another very nice bitch indeed, who was also very mature looking for her age. Straight forelegs, strong pasterns, good lay of shoulder, prominent forechest, correct topline, strong well angulated hindquarters, moved very well, but when standing her profile just didn't flow as nicely as 1.
