

Dear Member (s)

The new General Data Protection Regulation (GDPR) comes into force in May 2018.

Many of the GDPR's principles and concepts are similar to the current Data Protection Act, however, Individuals now need to '**Opt In**' and inform the RRCGB, that they wish to be included in Club email & postal communication.

Please sign and return to the Hon.Secretary either by post or scanned into an email.

How information about you will be used?

The RRCGB will not share your personal information with any other company or organisations. Upon joining the RRCGB, your personal details will be stored securely to maintain records and provide the services you requested.

The RRCGB would like to send you information about their own Club products and services, by post, email and occasionally we may need to contact you by telephone.

If you agree to being contacted in this way, please tick the relevant boxes.

Email Post Telephone

In the case of Joint Membership, both Members must consent and sign.
