**Please remember that many vets may not have encountered a DS - an experienced RR individual with DS knowledge is advised.**

On no account should puppies leave the nest before they are 7 weeks old. Puppies should be wormed at least twice before leaving for their new homes and dates of worming passed to their new owners also. Faulty-ridged pups must have their Kennel Club registration documents endorsed "Progeny Not Eligible for Registration. **Ridgeless/DS/Non-Standard Colour puppies should be homed with KC endorsed pedigree certificate, at rearing cost only, with a written undertaking that the puppy will be neutered.** Members must be willing to resume responsibility for any puppy or adult from the litter that subsequently may need re-homing.

We do hope to guide prospective new owners to buy from responsible RRCGB members, who breed healthy puppies within the Club's Code of Ethics.

If any of the above is unclear, please ring the Puppy Advisor for clarification.

**I/We agree to abide by the conditions above and confirm this litter is eligible for inclusion on the RRCGB Puppy List.**
